indespension.co.uk

Clean lines, robust construction and ease of use are the principal design features of the Tow-a-Van. The round corners at the sides and around the roof are aluminium, the side panels are aluminium coated so are extremely light yet highly durable; and the metallic finish is unique to the Tow-a-Van range. Indespension SuperRide suspension ensures smooth, stable towing even when the trailer is empty. Features such as the protected rear clusters, stainless steel door fittings and anti-theft TripleLock hitch all help to make the Tow-a-Van a pleasure to use and easy to maintain.
